

Central Street Infant and Nursery School Accessibility Plan 2022- 2023

We are committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum with high expectations for all our children. Central Street Infant School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

Purpose of Plan

The purpose of this plan is to show how Central Street Infant School intends, over time, to increase accessibility to the physical environment, the curriculum and written information so that all pupils/students with a disability can take full advantage of their education and associated opportunities.

Definition of disability

A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

Key Aims

To increase and eventually ensure for pupils with a disability that they have:

- total access to our setting's environment, curriculum and information.
- full participation in the school community.

Principles

- Compliance with the Equality Act is consistent with our setting's aims and equal opportunities policy and SEN information report.
- Our staff recognise their duty under the Equality Act
- Not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
- Not to treat disabled pupils less favourably
- To take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
- To publish an accessibility plan
- In performing their duties governors have regard to the Equality Act 2010

Central Street Infant School

- recognises and values the young person's knowledge/parents' knowledge of their child's disability
- recognises the effect their disability has on his/her ability to carry out activities,
- respects the parents' and child's right to confidentiality
- The setting provides all pupils with a broad and balanced curriculum that is differentiated, personalised and age appropriate.

Central Street Infant School's Accessibility Plan endeavours to cover the statutory areas detailed below.

- Increasing Access for disabled pupils to the school curriculum. This includes teaching and learning and the wider curriculum of the school such as participation in after school clubs, leisure and cultural activities or school visits.
- Through regular self-review and continuous professional development (CPD) we aim to enhance staff's knowledge, skills and understanding to promote excellent teaching and learning for all children.

- All children are permitted to attend age relevant extra-curricular clubs, leisure, cultural capital activities and educational visits.
- Improving access to the physical environment of the school. This includes improvements to the physical environment of the school and physical aids to access education.
- Resource provision is kept under constant review
- Provision in exceptional circumstances will be negotiated when a pupil's specific needs are understood.
- Improving the delivery of written information to disabled pupils. This will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. Examples might include handouts, timetables, and information about school events. The information should take account of pupils' disabilities and pupils' and parents preferred formats and be made available within a reasonable time frame.
- The current level of need will need to be established and respond to changes in the range of need
- Central Street Infant School will need to identify agencies and sources of such materials to be able to make provision when required.
- IT infrastructure will enable us to access a range of materials.

Financial Planning and control

The Executive Headteacher, SLT and the finance committee will review the financial implications of the accessibility plan as part of the normal budget review process.

Access to the physical environment					
Accessibility Outcome	Action	Who	Long Term	Time Frame	Notes
Provision of wheelchair accessible toilets	Maintain wheelchair accessible toilet and ensure there is a clinical waste bin.	Site manager	LT	In Place	
Access into school and reception to be fully compliant	Double Doors – Ground floor all on one level	Site manager	LT	In Place	
Majority of areas accessible for people with disabilities	Consider the needs of pupils (and staff/visitors) with physical difficulties and sensory impairments when planning. Ground Floor classroom for wheelchair use.	SENCo Site Manager	LT	In Place	Lift would need to be serviced Adaptations for upstairs use needed. Parking Space
