## Dates for your diary

2.10.23	Valley Class – Woodland Wonders (pm)
3.10.23	Woodland Class - Woodland Wonders (pm)
6.10.23	Great News – Central Street
10.10.23	Nasal Flu Vaccinations
17.10.23	Individual Photos
18.10.23	Wellbeing Wednesday
20.10.23	Great News – Central Street and Harvest Celebration
27.10.23	School Closes for half term
6.11.23	INSET
7.11.23	School Opens

What a busy start to the year!

The children have settled in brilliantly and have done a great job of making friends, getting into new routines, having fun and learning lots!

It has been wonderful to welcome parents and carers to our first 'Great News' Assembly of the year to help us celebrate our learning...and our birthdays!

It was great to see so many parents meeting with class teachers to find out how their children have settled into their new classes.

This is another opportunity to say thank you to all our parents / families for their support of our brilliant school - when prospective families come for a look around, they usually tell us that a friend has recommended us...thank you - keep spreading the word!

*Ms Casswell*

The children go out to learn and play in all weathers so please ensure that they wear or bring appropriate clothing for the outdoors and a change of clothing or extra layers just in case they get wet or cold. Thank you.

We showed our support for Jeans for Genes by raising £77.50.  
Thank you for your kindness

Science Club started with much excitement as the children found out how to make bubbles float down and experimented with acids to make things fizz!

## Valley

Valley class have settled into school brilliantly! We have been busy getting to know each other, building friendships and learning our new classroom routines. Our focus book has been Owl Babies, and has inspired lots of discussion around our own families as we learnt that all families are unique and special, just like us! The children have created wonderful pictures of owls and even made missing posters to help Sarah,

## River

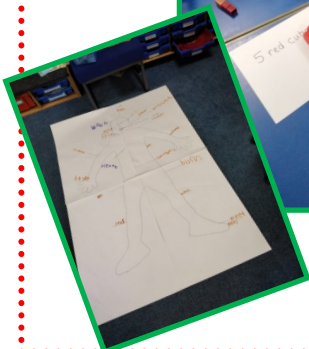

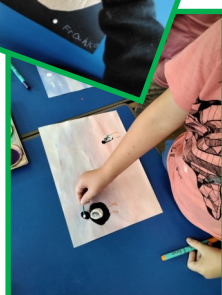

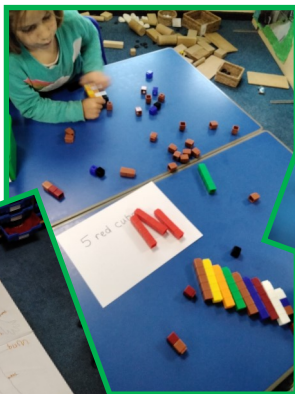

River Class have enjoyed welcoming some new members over the last two weeks. We have been learning to get to know one another and settling into our new environment...there have been some alterations to the classroom over the summer. We have shared books about ourselves including 'Head to Toe' by Eric Carle and 'The Rain Puddle' by Adelaide Holl.

## Woodland

There's been a lot going on in Woodland Class this week.

Sorting and counting in Maths. The children have been learning really good strategies for counting objects and pictures accurately, and making sure they understand good number concepts. In Science we have started learning how our bodies work. We have also been finishing our class portraits in cardboard and designing Christmas cards.

## Moorland

Moorland Class have made a fantastic start to the new school year! We have started our new maths learning by finding out about the place value of numbers to 100 and have been showing the tens and ones in different ways.

In Science, we have started to find answers to the big question 'Why aren't spoons made of chocolate?' as we learn about the materials around us and we have been searching the school to find out what objects are made of.
