

9th June 2022

Dear Parents and Carers,

I can't quite believe we are into the final Summer Term already. It is going to be a busy one with lots going on both in school and in River Class.

This term's topic is titled Growth and Change and we will be using this theme to help prepare the children for the transitions that will be taking place for the pupils.

At the end of this term, some of River Class will be moving to new settings and we will be preparing to welcome some new pupils into River Class in September. I have already and will continue to liaise with parents individually to ensure all children's transition needs are met.

For those children staying, I will be getting in touch to let you know how we can ensure all children are prepared for the changes ahead.

Reminders:

- If you haven't already, please can you ensure your child's P.E kit is in school.
- Snack money for this half term is £7. Please can you send this into school, if you haven't already. We have recently tried some new snack options including crumpets and pancakes. We will continue to offer new foods this half term.
- Please ensure your child's reading book and reading record comes into school daily.
- Library books are changed every Tuesday.
- Please contact myself or Mr G via Class Dojo, home school books or telephone if you have any queries about events happening this term. These will be shared via the school newsletters and as always you are most welcome to any whole school events.

I have attached a copy of our Curriculum overview for you to see what the children will be learning and which books we will be using to support our learning.

Many thanks,

Mrs O'Hanlon
